THIS PAPER IS <u>NOT</u> TO BE OPENED UNTIL THE INVIGILATOR HAS GRANTED PERMISSION

QUESTION 1

Community health requires that the nurse knows her community to serve them effectively. Demography in health care is another key component studied in community.

Describe the following areas of demography under the following subheadings:

a) Four factors that affect rapid population growth or population change

(8 Marks)

b) Three factors that illustrate how age structure affects the health care demographics (3 Marks)

c) Seven users of demography and state one use of demography for each

(14 Marks)

(25 marks)

QUESTION 2

Community mobilization is a process through which action is stimulated by a community itself, or by others, that is planned, carried out, and evaluated by a community's individuals, groups, and organizations on a participatory and sustained basis to improve the health.

Discuss the community mobilization using the following sub-topics:

a) Five advantages of Community mobilization (5 Marks)
b) Five challenges of Community mobilization (5 Marks)
c) Five contribution of the community during community mobilization (5 Marks)
d) Five principles of community development (5 Marks)
e) Five problems of community development (5 Marks)

(25 Marks)

QUESTION 3

Write short notes on the following

a) Five Functions of a genogram (5 marks)
b) Five assumptions of the structural functional theory (5marks)
c) Five vulnerabilities experienced by women in the workplace (5 marks)
d) Four Roles of the nurse in occupational health nursing (10marks)

(25 marks)
