SOC 305: PATTERNS OF INDUSTRIAL DEVELOPMENT

1. Discuss the consequences of the Industrial Revolution with specific reference to the emergence of wage work and expansion of labour markets.
2. With specific reference to the elements of the logic of industrialism, evaluate the major arguments relating to consensus in society and the growth in scale of society.
3. State and critically discuss the key features underpinning the notion of the developmental state. Provide examples to support your arguments.
4. Why has Africa's experience with industrial policy and its outcomes since independence been largely disappointing?
5. How was the process of industrial development in East Asian countries influenced by socio-cultural practices rooted in the Confucian tradition?
6. Citing specific examples from the literature, analyse the relationship between economic globalization and de-industrialization.
