THIS PAPER IS NOT TO BE OPENED UNTIL PERMISSION IS GRANTED BY THE INVIGILATOR TO DO SO.

Section A: Compulsory

1. Describe the four concepts emphasized by control theories that explain determinants of human behaviour.

Section B: Answer any two questions

2. The Psychodynamic Perspective has “big ideas” to offer in relation to the determinants of human behaviour. Discuss.
3. Examine the elements of child socialization that contribute to positive behaviour development.
4. There are three forms of organizations that social workers work in. Describe the primary focus of these forms of organizations and the role social workers play in order to fully understand human behaviour.
5. Discuss the focus of **Simulation Theories** in presenting the physical environment as a determinant of human behaviour.
6. As we go through life, we all have to make sense of our development-women perhaps more than men are forced to understand their body and its changes. Discuss four areas about which we need to become knowledgeable in order to make sense of our development.
