TITLE OF PAPER : COMMUNITY PSYCHOLOGY AND PRIMARY HEALTH CARE.

COURSE CODE : SWK 339.

TIME ALLOWED : TWO (2) HOURS.

TOTAL MARKS : 100.

INSTRUCTIONS : 1. ANSWER ANY THREE (3) QUESTIONS.

2. ALL QUESTIONS CARRY EQUAL MARKS.

THIS QUESTION PAPER MUST NOT BE OPENED UNTIL PERMISSION HAS BEEN GRANTED BY THE INVIGILATOR.

Question 1

Community psychology core values aim at not blaming the victim. Psychologists argue that: social problems like drug abuse are caused by larger macro system factors. Discuss using the Systems Theory.

Question 2

Explain how communities define, create, utilize, transform and conserve resources by using the four main Ecological perspective principles.

Question 3

According to Boulding (1976) the core values of community psychology refer to perception of belongingness, interdependence, and mutual commitment that link individuals in a collective unity. Explain this observation in respect of key dimensions of human diversity.

Question 4

Describe how the institution of Primary Health Care fosters a sense of resilience in a given community setting.

Question 5

Compare and contrast Primary Health Care principles and Community Psychology core values.

Question 6

Write short notes on the following:

- A) Social justice goal.
- B) Cultural and spiritual resources of a community.
- C) Characteristics of a resilient community.
- D) Needs assessment.
- E) Self determination and empowerment.
- F) Power and Authority.

GOOD LUCK
