Question 1

Critically consider how self-determination in a palliative care setting might improve the quality of life for people living with chronic illnesses.

Question 2

Demonstrate an understanding of the professional and ethical issues in palliative care while reflecting on the roles, relationships and influences on social work practice.

Question 3

Critically discuss how organ donor service provision developments in inter professional practice have improved the quality of care for people who use palliative care services.

Question 4

Examine the roles played by grief and bereavement education when attempting to analyze advanced end of life care planning.

Question 5

Examine the link between personality strength and palliative care.

Question 6

Write short notes on the following:

- a) Strategies to improve palliative care in Eswatini.
- b) Issues that affect drug policy and medication availability in Eswatini.

GOOD LUCK!!!!!!
